

VELLIQO OWNER COURSE

Billing and subscription management

Professional step-by-step guide

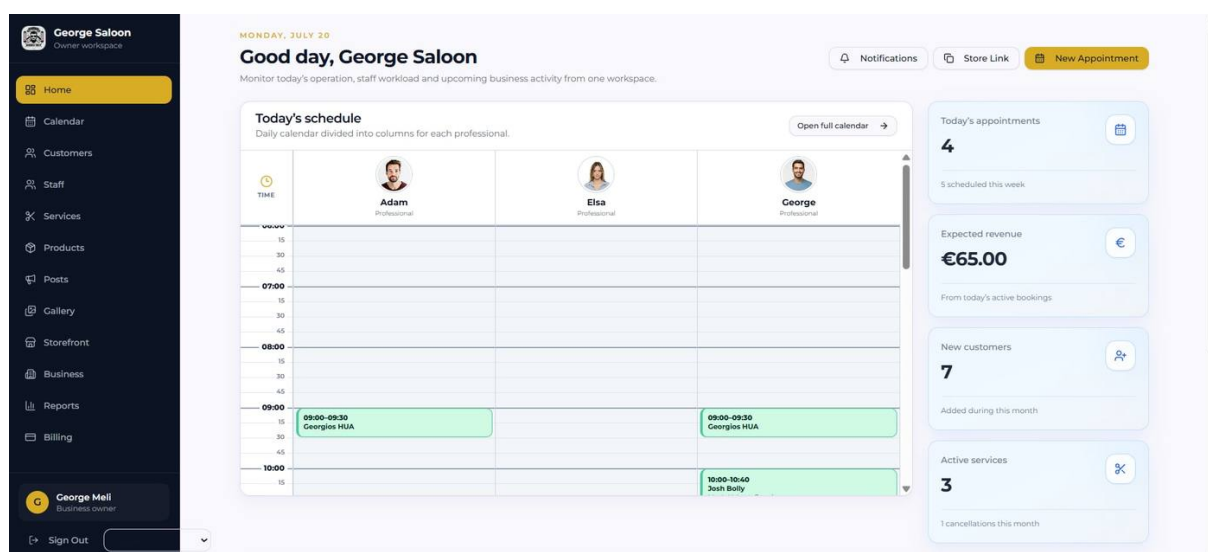

Review the active plan, payment status and billing history while keeping business and platform charges separate.

Workspace route

/dashboard/billing

What you will complete

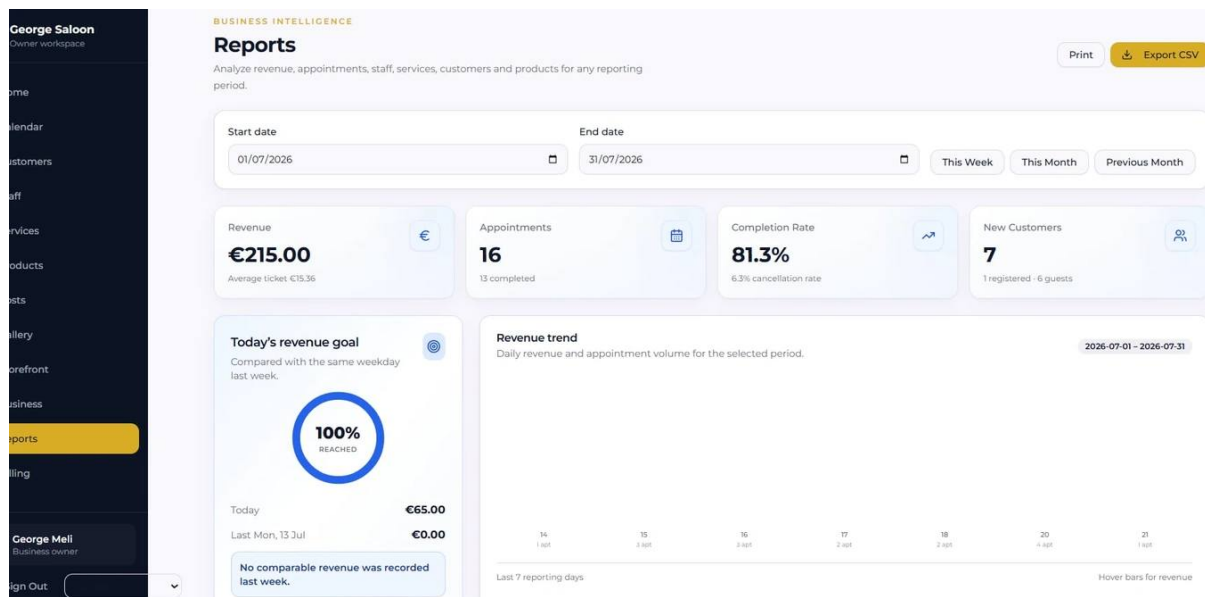

- Open Billing and review the current plan, subscription status, renewal date and invoice history.
- When changing plan or payment method, read the amount, billing interval, tax information and effective date before leaving Velliqo for the secure checkout.
- Return to Billing and confirm the subscription and invoice status changed only after a successful provider response. Platform subscription charges are separate from customer sales.

Actual Velliqo application example. Layout may adapt to screen size and selected industry.

Exact workflow

- 1 Open the correct workspace
Open Billing and review the current plan, subscription status, renewal date and invoice history.
- 2 Start the action
Open Billing and review the current plan, subscription status, renewal date and invoice history.
- 3 Complete the required information
When changing plan or payment method, read the amount, billing interval, tax information and effective date before leaving Velliqo for the secure checkout.

Actual Velliqo application example. Layout may adapt to screen size and selected industry.

Exact workflow

- 4** Review and confirm
When changing plan or payment method, read the amount, billing interval, tax information and effective date before leaving Velliqo for the secure checkout.

Return to Billing and confirm the subscription and invoice status changed only after a successful provider response. Platform subscription charges are separate from customer sales.

Final owner checklist

✓	Open Billing and review the current plan, subscription status, renewal date and invoice history.
✓	When changing plan or payment method, read the amount, billing interval, tax information and effective date before leaving Velliqo for the secure checkout.
✓	Return to Billing and confirm the subscription and invoice status changed only after a successful provider response. Platform subscription charges are separate from customer sales.

If the result is not correct

Do not repeat the action blindly. Re-open the record, confirm the selected business, date, service and professional, and use Velliqo AI or the Contact page with a screenshot of the issue.

Safety and data protection

Use accurate business data. Never place passwords, secret keys, full payment card details or unnecessary sensitive personal information in notes, forms or AI messages.
