

Services, duration and pricing

Step-by-step guide

Purpose

Create services with clear prices and durations so availability and booking slots are calculated correctly.

Related workspace

/dashboard/services

Recommended workflow

- 1 Open the related workspace and confirm that you are working inside the correct business.
- 2 Review existing records and settings before creating or changing information.
- 3 Complete the required fields carefully and use the checklist below as a final review.
- 4 Save the change and confirm the result appears correctly in the workspace and customer experience.
- 5 Use Velliqo AI for guidance when useful, but review every confirmation before a protected action is executed.

Owner checklist

✓	Confirm: service name
✓	Confirm: duration
✓	Confirm: price
✓	Confirm: availability impact

Safety and control

Use only accurate business information. Important actions remain under owner control. Never share passwords, secret keys or sensitive payment information in notes or AI messages.
